Query/User Input *

What's the process to exchange an item for a different size?

LLM Output/Actual Output From LLM *

Go to Order History > Start an Exchange, pick the new size, and you'll get a prepaid label by email - the replacement ships once the carrier scans your original return.

Expected Output * (Required For Contextual Precision And Contextual Recall Metrics)

Order History > Start an Exchange > select new size > prepaid label emailed; replacement ships after carrier scans original.

Retrieval From RAG Or From Document *

Go to Order History > Start an Exchange, select the new size, and a prepaid label will be emailed.

The replacement item ships once the original is scanned by the carrier.

RAGAS

SCORE

1.0000

VERDICT

HIGH

EXPLANATION

Precision=1.00, Recall=1.00, Faith=1.00 | Faithfulness: The score is 1.00 because there are no contradictions, indicating the actual output fully aligns with the retrieval context and is perfectly faithful. | Context Precision: The score is 1.00 because the first node (rank 1) includes "Go to Order History > Start an Exchange, select the new size, and a prepaid label will be emailed." and the second node (rank 2) includes "The replacement item ships once the original is scanned by the carrier.", both directly addressing the request, and there are no irrelevant nodes to push them down, giving perfect contextual precision. | Context Recall: The score is 1.00 because sentence 1 matches node 1 and sentence 2 matches node 2 in the retrieval context.

EVALUATION INPUT

Query:

What's the process to exchange an item for a different size?

Output:

Go to Order History > Start an Exchange, pick the new size, and you'll get a prepaid label by email - the replacement ships once the carrier scans your original return.

Retrieved Context:

Go to Order History > Start an Exchange, select the new size, and a prepaid label will be emailed.
The replacement item ships once the original is scanned by the carrier.

Query/User Input *

What's covered under my plan's maternity benefits?

LLM Output/Actual Output From LLM *

Prenatal visits are covered at elevated copay under maternity benefits.

Expected Output * (Required For Contextual Precision And Contextual Recall Metrics)

Prenatal visits, delivery/hospital stay, and postpartum checkups are all covered under maternity benefits at standard copay.

Retrieval From RAG Or From Document *

Prenatal visits are covered at standard copay under maternity benefits.

RAGAS

SCORE

0.6667

VERDICT

PARTIAL

EXPLANATION

Precision=1.00, Recall=1.00, Faith=0.00 | Faithfulness: The score is 0.00 because the actual output claims prenatal visits are covered at an elevated copay, directly contradicting the retrieval context which states they are covered at a standard copay. | Context Precision: The score is 1.00 because the first node (rank 1) provides a relevant excerpt – "Prenatal visits are covered at standard copay under maternity benefits." – and there are no irrelevant nodes ahead of it, so the ranking is perfect. | Context Recall: The score is 1.00 because sentence 1 is fully supported by node 1 in retrieval context, which explicitly covers prenatal visits, delivery/hospital stay and postpartum checkups at the standard copay.

EVALUATION INPUT

Query:

What's covered under my plan's maternity benefits?

Output:

Prenatal visits are covered at elevated copay under maternity benefits.

Retrieved Context:

Prenatal visits are covered at standard copay under maternity benefits.

Does UrbanCart offer same-day delivery?

LLM Output/Actual Output From LLM *

Yes, UrbanCart offers free same-day delivery nationwide on all orders, plus a new drone-delivery option in most cities.

Retrieval From RAG Or From Document *

Same-day delivery is available in select metro areas for orders placed before 12 PM local time, for an additional \$9.99 fee.

METRIC

HALLUCINATION

SCORE

0.0000

VERDICT

FACTUAL

EXPLANATION

The score is 0.00 because the actual output falsely states free same-day delivery nationwide on all orders, contradicting the context which limits same-day delivery to select metro areas, requires ordering before 12 PM, and adds a \$9.99 fee.

EVALUATION INPUT

Query:

Does UrbanCart offer same-day delivery?

Output:

Yes, UrbanCart offers free same-day delivery nationwide on all orders, plus a new drone-delivery option in most cities.

Retrieved Context:

Same-day delivery is available in select metro areas for orders placed before 12 PM local time, for an additional \$9.99 fee.
